# Disney Difference

What makes Disney different from other ocean cruise lines?

Disney Cruise Line stands out from its competitors in a number of ways, including its endless soft-serve ice cream, family-friendly staterooms, and the opportunity to hug Mickey Mouse and dine with a princess. All five Disney cruise ships are elegantly designed, offer a touch of luxury and cater to every member of the family.

Disney cruises offer something for everyone in the family, with activities to keep kids entertained throughout the day and a private relaxing escape for adults. From immersive dining adventures to Disney's first-ever attraction at sea, these ships offer truly magical vacations that visit a number of exciting destinations. Disney Cruise Line's ports of call include places in Europe, the Caribbean, Mexico, Canada, Alaska, and, of course, Disney's private Bahamian island, Castaway Cay. Depending on when you cruise, you may be able to pick from themed itineraries for Halloween and Christmas.

# Online Check-In

Online check-in can be a bit of a challenge, but with a little preparation, you can have a smooth online check-in experience. Here's what you need to know.

Check-In dates vary by your Castaway Cay level or sailing Concierge:

- Pearl / Concierge Level = 40 days prior to sailing
- Platinum Level = 38 days prior to sailing
- Gold Level = 35 days prior to sailing
- Silver Level = 33 days prior to sailing
- 1st time Disney Cruise Line cruisers = 30 days prior to sailing

## Before Your Online Check-In Date

- Confirm that your government-issued IDs are in date and match your reservation (spelling of name, date of birth ect).
- Create a Disney Cruise Line account and link your reservation(s).
- Download the Disney Cruise Line Navigator app and check for updates.
- Link your friends and family's reservations to yours so you can be seated together at dinner and book activities together.
- Book your on-board activities and shore excursions.
- Double-check your online check-in date and time.
- Remember that online check-in closes at midnight the day before your cruise.

## Have Ready at Check-In

- A clear photo of each passenger's passport, with no glare and the passport number, name, issue and expiration date clearly visible.
- Passports that are valid for at least 6 months after your debarkation date and have at least a few blank pages available.
- A clear photo of each passenger, taken from the shoulders up and with a plain background.
- Flight information, even if you are not using Disney transportation.
- Pre- and Post-Cruise hotel information.
- A credit card to keep on file for onboard purchases.
- The name and phone number of an emergency contact who is not traveling with you.

I recommend having copies of your passports and photos on both your computer and phone in case the website or app is not working for you.

# Online Check-In

## On Your Online Check-In Date

1. Select your sailing and click "Begin Check-In."
2. Click through each step in order. The icons on the right will fill in as each section is completed.
3. Provide your guest information.
4. Set up your onboard account.
5. Enter your travel plans.
6. Select your port arrival time. Most people will select the earliest time available so there is more time to explore the ship before you sail away. You will also be automatically assigned a Boarding Group. *Note: If you are staying at a Walt Disney World resort hotel and have booked the Disney Cruise Line transfer, you will not be asked to select a Port Arrival Time.*
7. Review and agree to the cruise contract.
8. Once you have completed your online check-in, you will see the message "You're All Set to Sail!" You can check back periodically before your cruise to ensure your documents have been reviewed by a cast member and your check-in has been upgraded from "Pending" to "Complete."
9. Be sure to print out your Port Arrival Form, and if you like add it to the digital wallet on your phone.

## 30 Days Out

You can book the Princess Gathering, a meet-and-greet with Disney princesses that is included in your cruise fare, 30 days before your cruise. However, reservations are required and space is limited due to its popularity. You can also purchase a photo package in advance for the best price. The price will be higher if you purchase it on board. Disney Visa holders get a discount on board, but the pre-purchase price is the best price for all guests. Make sure to add any special requests, such as high chairs, bedrails and cribs, dietary requests, or celebration planning, at least 5 weeks before your sail date. You can easily do this through the app.

# Pre-Cruise Checklist

Prepare for your upcoming cruise by following this pre-cruise checklist. Based on your arrival at your cruise embarking port location one day prior to setting sail.

Now that your cruise is booked, I recommend you:

- Download the [Disney Cruise Line Navigator app](#), this includes all members of your party to will be taking a mobile phone on the cruise.

# Travelling to Port

## Disney Cruise Line Bus

The Disney Cruise Line (DCL) bus provides a full Disney experience and offers convenience and a smooth transition to the ship. However, is not included in the price of your Disney Cruise. The DCL bus services guests from Walt Disney World resorts, travelers at Orlando International Airport (MCO), and guests at the Hyatt Regency. The cost from MCO to the Disney terminal is \$39 per Guest each way or \$78 roundtrip.

Remember to factor in the one-hour bus trip to Port Canaveral from Walt Disney World and 45 minutes from Orlando International Airport on your embarkation day.

## Independent Shuttle Companies

An affordable option for larger parties, there are many companies with a range of sedans, SVU's, vans & limousines. Good options are Go Port Canaveral, Cocoa Beach Shuttle or Ace Luxury Transport.

## Ride Share and Taxi

Taxi's and companies like Uber and Lyft offer direct transport to the port. These services are ideal for smaller groups.

## A Note on Flights

Flying in? Flights to your Disney Cruise holiday are recommended the day prior to Embarkation Day. This allows for a smoother more relaxed Embarkation Day.

For Flights out, a flight on Debarkation Day is best scheduled after 12 to give you plenty of time to disembark the ship and collect your luggage.

# Travel Documents

To assist you in preparing for your cruise, all passengers are required to have certain travel documents in order to board the ship.

## What documents will be required when I check in for my cruise?

- At check-in, all Guests must present valid passports or other acceptable proof of citizenship.
- All travelers are required to have a valid passport to enter or re-enter the United States by air.
- In addition to a valid passport, many countries require an entry visa based on your nationality. It is each Guest's responsibility to identify and to obtain all the necessary visas before embarking on the cruise. Because requirements may vary, Guests are advised to contact their local consulate or embassy for more information on required travel documentation for all ports of call during the cruise.
- The Guest who booked the cruise must present a copy of the Online Check-In Port Arrival Form at check-in. You can save time during the boarding process by completing this document ahead of time through [My Online Check-in](#).
- When a minor (age 17 and under) travels without a parent or legal guardian, an accompanying adult must present an Authorization For Minor To Travel Without a Parent or Legal Guardian Form, completed and signed by that child's parent or legal guardian.

### A Note on Passports:

- You will need to provide your passport number at least 75 days prior to the start of your vacation in your Guest Information Form in [My Online Check-in](#).
- Make sure your passports aren't expired or about to expire. Many countries require your passport to be valid up to 3 months after the completion of your cruise.

# Travel Documents - Adults

## What documents do I need?

In order to board the ship at the start of a cruise, all Guests (except children 15 years or younger) must provide a valid government-issued photo ID. For certain international itineraries, you will also need to present a valid passport and travel visa.

## Do I need a Passport?

Not all Disney Cruise itineraries require that you travel with a passport & you may be able to use alternative documentation. A passport is not required if your cruise embarks from a United States port, travels only to certain locations (Canada, Mexico, Bahamas, or Caribbean), and returns to the same port. In these instances, for added security it is recommended that you carry a valid passport. Carrying a passport offers protection in the unlikely event that you need to fly home from a foreign port, you can board a flight without delay.

For Disney Cruises with international itineraries where your cruise embarks from or will finish in another country outside of the United States, you will need a valid passport.

## Alternatives to a Passport

To be used, a document must be in date and the original version.

Acceptable document alternatives include:

- U.S. Passport Card
- Trusted Traveller Card (NEXUS, FAST)
- Enhanced Driver's License (EDL)
- Uniformed Services ID Card

# Travel Documents - Minors

## What documents do I need for my children?

For your children you will need to provide one of the following documents;

- Original or copy of their state-issued birth certificate **AND Government-issued photo ID**
  - Puerto Rico birth certificates issued prior to 7/1/10 are not acceptable
  - Hospital-issued birth certificates are not acceptable
- Original Consular Report of Birth Abroad issued by the Department of State **AND Government-issued photo ID**
- Original Certificate of Naturalization issued by U.S. Citizenship and Immigration Services **AND Government-issued photo ID**

In some circumstances when cruising with your minor child/children & the child/children's other parent is absent, you may also need to bring along a signed, notarized permission letter in addition to proof of the child's citizenship. This is a recommendation of the US Customs and Border Protection.

## Children 15 years or younger

Children 15 years of age and younger are required to present one of the documents listed above, but do not need to present a Government-issued photo ID

## Travel without a Parent or Legal Guardian

The Authorization for Minor to Travel without a Parent or Legal Guardian form authorizes an adult (age 18 and older) other than the parent or legal guardian to retain care, custody and control of a child during the span of a Disney cruise vacation. It is required for each child traveling without a parent or legal guardian. A parent or legal guardian must complete this form, naming each of the children it applies to, and it must be presented by the authorized adult during check-in at the port terminal.

## Worried About Getting Sea/Motion Sick?

There are many motion sickness remedies available from patches to pills or wristbands. If you think motion sickness may be an issue, seek health advice on what may be most effective for you. Other general rules are to avoid port holes and over indulging in alcohol & and sugary treats.

Fresh air, distractions with fun activities, drinking plenty of water, and eating small meals regularly can help. If you are not up to dining, room service is a good alternative where you can request items like chicken soup, plain crackers, peppermint, or lemon ginger tea.

You can visit the onboard [Health Centre](#) for assistance. The staff are all very welcoming and know all the tricks to help you feel better.

Fish Extenders are a fun and friendly tradition on Disney Cruise Ships. Passengers who want to participate sign up for a Fish Extender group before their cruise.
